LinkedIn: linkedin.com/in/maiderbarrutiaunzueta

Frontend developer with more than 6 years of experience, specialized in creating **pixel-perfect** interfaces with **React** and **TypeScript** and advanced layout with **SASS**. Expert in web performance optimization (**WPO**), managing to raise the PageSpeed score from 60 to 90 in critical projects. Solid track record transforming complex **Figma** designs into accessible interfaces (**WCAG**) and collaborating closely with design and development teams under agile methodologies.

SKILLS

- **Frontend & AI:** React, Angular, TypeScript applied to interfaces (UI), JavaScript (ES6+), Vite, component layout, mobile-first approach, AI-assisted development (LLMs).
- **Advanced layout:** HTML5, CSS3 (Flexbox, Grid), SASS, Tailwind CSS, . BEM methodology, responsive design.
- **Performance & Accessibility:** Load Optimization (WPO), WCAG standards and clean code.
- **UI Design & Systems:** Figma, design of reusable components, creation and use of design systems.
- **Integration & Tools:** WordPress (PHP/JS architectures), Git and task management with Jira (Scrum/Kanban).

PROFESSIONAL EXPERIENCE

09/2025 - Current FRONTEND DEVELOPER - ONLINE DEVELOPMENTS | MADRID

- I led the autonomous development of a website based on **reusable components** in one week, **reducing delivery time by 20%** and ensuring on-time launch.
- I refactored and optimized **SASS** styles applying clean methodologies . (**BEM**), improving the visual scalability of the site and **accelerating layout times by 15%**.
- I directed the **pixel-perfect** layout with **SASS** of an energy platform for **+100.000 users**, ensuring visual consistency and optimizing speed . interface loading through AI assistance (LLMs).

07/2023 - 09/2025 (2 years) FRONTEND DEVELOPER - FREELANCE | ON-LINE

- I collaborated in the Frontend development of more than 5 e-commerce and corporate projects (**services/retail**), taking charge of the semantic structure and visual logic with **React** and **Vite**, ensuring the correct integration of the interface components.
- I designed complex interface systems . in **Figma** and translated them into code using advanced layout with **SASS** or **Tailwind CSS**, applying a **Mobile-First** approach (**Flexbox/Grid**) that guaranteed **100% visual fidelity** and fluid navigation.

11/2017 - 07/2023 (6 years) UI DEVELOPER - CORUS CONSULTING | MADRID

- I implemented advanced **WPO** strategies (caching, WebP, Lazy loading) in large **WordPress (PHP/JS)** ecosystems, **raising the PageSpeed from 60 to 90** and accelerating loading by 30%.
- I systematized the . workflow through reusable styles with **SASS** under **Scrum/Kanban** methodologies, **reducing delivery times by 20%**.
- Developed **responsive** and **Pixel-Perfect accessible (WCAG)** interfaces in Health and Insurance sectors, ensuring corporate standards and use . of **design systems**.

EDUCATION

2023 - 2025 SENIOR TECHNICIAN IN "WEB APPLICATION DEVELOPMENT" | ILERNA (ONLINE)

2015 - 2015 CERTIFICATE OF PROFESSIONALISM "CREATION AND PUBLICATION OF WEB PAGES" | SAN LUIS CENTER (BILBAO)

2009 - 2013 HIGHER TECHNICIAN OF "PLASTIC ARTS AND DESIGN IN ADVERTISING GRAPHICS" | IBARREKOLANDA (BILBAO)

CERTIFICATIONS

- **2026 (6h) | Development with AI**
Big School | Online
- **2025 (114 hours) | Bootcamp TS + React + Vitest (TDD)**
Lemoncode | Online
- **2025 (135 hours) | Oracle SQL-PL/SQL Development**
Cas-training | . Madrid
- **2022 (350 hours) | Full Stack Development (Node.js, Angular, TypeScript)**
Samsung | Online
